

indicação do tipo de fixação à parede | indicación del tipo de fijación a la pared  
 indication of type wall fixation | indication du type de fixation sur le mur

sanindusa®

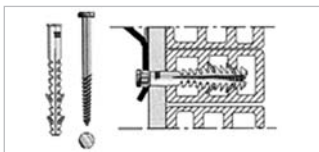

**CARACTERÍSTICAS**  
 Bucha em nylon com alheta anti-rotacional  
**APLICAÇÕES**  
 Indicado para materiais de fixação universal  
**UTILIZAR BROCA Ø 8**

**CHARACTERISTICS**  
 Nylon nog with anti-rotation wings  
**APPLICATIONS**  
 It is recommended for the main building materials  
**(UNIVERSAL FIXING)**  
**USE Ø 8 NOGS**

**CARACTERÍSTICAS**  
 Taco de nylon con aleta antirotacion  
**APLICACIONES**  
 Indicado para materiales de fijación universal  
**UTILIZAR BROCA Ø 8**

**CARACTÉRISTIQUES**  
 Cheville en nylon avec rebord anti-rotation  
**APPLICATIONS**  
 Indiqué pour matériaux de fixation universelle  
**UTILISER UN FORET Ø 8**

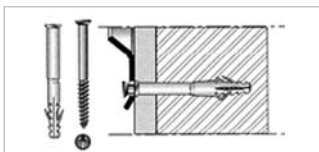

**CARACTERÍSTICAS**  
 Bucha em nylon com corpo longo com duplo enclavamento  
**APLICAÇÕES**  
 Indicado para materiais perfurados e aligeirados  
**UTILIZAR BROCA Ø 8**

**CHARACTERISTICS**  
 Nylon nog with extended and double winged body  
**APPLICATIONS**  
 It is recommended for half-full and lightened materials  
**USE Ø 8 NOGS**

**CARACTERÍSTICAS**  
 Taco de nylon con cuerpo largo con doble engarcho  
**APLICACIONES**  
 Indicado para materiales perfurados y ligeros  
**UTILIZAR BROCA Ø 8**

**CARACTÉRISTIQUES**  
 Cheville longue en nylon avec double enclavement  
**APPLICATIONS**  
 Indiqué pour matériaux perforés et allégés  
**UTILISER UN FORET Ø 8**

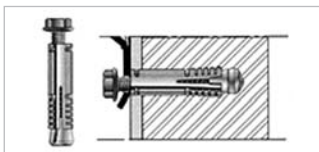

**CARACTERÍSTICAS**  
 Bucha em nylon com corpo longo  
**APLICAÇÕES**  
 Indicado para paredes maciças  
**UTILIZAR BROCA Ø 8**

**CHARACTERISTICS**  
 Nylon nog with extended body  
**APPLICATIONS**  
 It is recommended for compact brickworks  
**USE Ø 8 NOGS**

**CARACTERÍSTICAS**  
 Taco de nylon con cuerpo largo  
**APLICACIONES**  
 Indicado para paredes macizas  
**UTILIZAR BROCA Ø 8**

**CARACTÉRISTIQUES**  
 Cheville longue en nylon  
**APPLICATIONS**  
 Indiqué pour murs épais  
**UTILISER UN FORET Ø 8**

**CARACTERÍSTICAS**  
 Bucha em aço  
**APLICAÇÕES**  
 Indicado para betão e paredes maciças  
**UTILIZAR BROCA Ø 12- M6**

**CHARACTERISTICS**  
 Steel single-shielded nog  
**APPLICATIONS**  
 It is recommended for concrete and full bricks  
**USE Ø 12 – M6 NOGS**

**CARACTERÍSTICAS**  
 Taco de acero  
**APLICACIONES**  
 Indicado para betão e paredes macizas  
**UTILIZAR BROCA Ø 12- M6**

**CARACTÉRISTIQUES**  
 Cheville en acier  
**APPLICATIONS**  
 Indiqué pour béton et murs épais  
**UTILISER UN FORET Ø 12 – M6**

Os acessórios SANINDUSA | UNISAN foram criados e desenhados para suportar facilmente o peso de uma pessoa. No entanto, de modo a não comprometer a eficácia e funcionalidade dos nossos acessórios, é necessário prestar particular atenção à escolha do tipo de fixação, de acordo com a parede onde este vai fixar.

**Sendo impossível para a SANINDUSA | UNISAN inspeccionar as condições da parede, bem como os procedimentos efectuados no decorrer da instalação, declinamos qualquer responsabilidade por uma instalação defeituosa.**

Los accesorios SANINDUSA | UNISAN fueron creados y desarrollados para soportar facilmente el peso de una persona. Por lo tanto, para no comprometer la eficacia y funcionalidad de nuestros accesorios es necesario prestar particular atención al elegir el tipo de fijación de acuerdo con la pared.

**Siendo imposible por SANINDUSA | UNISAN inspeccionar las condiciones de las paredes, tanto como los procedimientos utilizados para decorar la instalación, declinamos cualquier responsabilidad por una instalación defectuosa.**

In order not to seriously compromise the functionality and the efficacy of SANINDUSA | UNISAN accessories, designed and created to easily support one person's weight, it is however necessary to pay particular attention to the choice of the type of fixing, according to the wall on which we are going to work. Therefore, granted that the nog must be housed in a strong wall, we introduce here after some examples of installation accompanied by simple suggestions for the choice of the suitable nog.

**Being impossible for SANINDUSA | UNISAN saniline to inspect the conditions of the walls and the procedures which were followed during the mounting, we refuse any responsibility for defective installation.**

Les accessoires SANINDUSA | UNISAN ont été créés et dessinés pour supporter aisément le poids d'une personne. Toutefois, de façon à ne pas compromettre l'efficacité et le caractère fonctionnel de nos accessoires, il est nécessaire de prêter une attention particulière au choix du type de fixation, de façon à ce que celui-ci soit en accord avec les caractéristiques du mur.

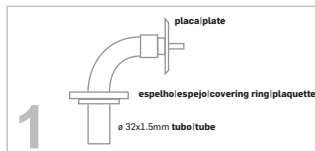

**SANINDUSA | UNISAN étant dans l'impossibilité d'inspecter les conditions du mur, ainsi que les procédures effectués pendant l'installation, nous déclinons toute responsabilité en cas d'installation défectueuse.**
